

MURAL UNVEILING AT ECCLES STATION October 2nd at 2pm

steam and stories

The mural was co-commissioned by Rocket: All Aboard and FRECCLES as part of FRECCLES' wellbeing programme.

The design was created by young people and families at The Castle Community Centre during workshops led by Humbug Art. Their ideas and artwork formed the basis of the final mural, with additional contributions from teenagers in Humbug Art's League of Artists group and studio volunteers.

The mural is to be installed by Northern Trains.
